

SPILLS

On RISD property, any chemical spill greater than one quart in volume or any quantity of an unknown chemical must be immediately reported to the Environmental Health and Safety (EH&S) Department.

During normal business hours, contact the EH&S Department at:

(401) 454-6780 or (401) 413-4965

Do not leave a message regarding a spill; make sure you speak with someone directly.

Environmental Health & Safety Staff

Alan Cantara – EH&S Manager

(401) 454-6780

(401) 413-4965

acantara@risd.edu

Lisa Bennett – EH&S Assistant

(401) 454-6597

lbennett@risd.edu

If you cannot reach someone directly, or if you need to report a spill after normal business hours, call RISD's Office of Public Safety at **(401) 454-6376 or (401) 454-6666**. The Public Safety Department will contact the Environmental Health & Safety Manager to ensure the spill response is conducted quickly and without incident.

Active commitment to compliance and continual improvement in our environmental program;

Reduction of pollution through waste minimization, lowered materials consumption and energy conservation;

Training and educating faculty, students and staff about the environmental considerations of their activities, projects and products;

Stewardship in enhancing the quality of life for our employees, faculty, students and neighboring community.

*RISD supports the **ARTS!***
